Minnie Barton was a member of the demi monde in this city, and accumulated a goodly portion of those earthly treasures which are corrupted by moths and rost, and which thieves are wont to break through and steal.

It is stated, however, that during the short but sadly mispent life of this woman she was constantly at war with herself. Her better nature now and then rebelled against the pollution into which she was dipping her soul, and more than once she abandoned the gilded halts of dissolution and vice, and, raising her eyes upward, declared that henceforths she would live a pure life. At these times, it is stated, she would go to the home of hiartha Turner, in Chicago, and remain there until the weakness of the flesh overcame her good resolutions.

MUST REPLACE PAVEMENTS.

A suit against E. H. Parsons for the recover of certain property was called for trial before Judge Bartch yesterday, the plaintiff being John E. Billings, assignee of N. C. Christianson. Plaintiff alleged that the property was regularly assigned to him for the payment of certain debts contracted by the said N. C. Christianson, and that on Oct. 23, 1891, the defendant unlawfully took possession of the property, to plaintiff's damage in the sum total of \$3,500.

The defendant's counsel was not in court and after the plaintiff had offered his evidence the jury returned a verdict in his favor without leaving the box for \$2,400.

Are those disorders which, beginning with an apparently trivial inactivity of the kidneys or bladder, terminate in Bright's discase, diabetes and cystitis. The first two not only interrupt the functions of the renal organs, but destroy their structure with as much certainty as tubercular consumption does that of the lungs. Hostetier's Stomach Bitters is an excellent discretic, promoting the activity of these organs without over exciting them, thus averting the deadly maladies in which their inaction is so prone to culminate. The removal from the blood of impurities which the kidneys should, but do not, when inactive, secrete, is another beneficent effect of this incomparable medicated stimulant and depurent. The Bitters is, in all cases, too, a fine restorative of vigor and aid to digestion, remedies malarial disease, and banishes liver complaint and constipation.
